G001200	1.5 Liter 12 cans / carton 18 cartons / pallet	AVW after 6/1996 G012A8FA4 (same as G001200) Porsche: Boxter, 911, Cayenne 1996-On Saab: 9-3, 9-5 2001-On

Pentosin Antifreeze is specifically adapted for use in alloy engines. It offers excellent advantages over other similar products: Prevents lime formation, does not foam, protects against corrosion and cavitation, Nitrite, Amine and Phosphate Free, manufactured to meet the exacting standards of DIN, ASTM and DBL and is formulated for all year use.
